Florida East Coast Realty COO Austin Hollo received a standing ovation at the Tocqueville Society Grand Reception celebrating the Grant Family and Hollo, who joined the organization's Board of Directors in 2023 and is a long-standing member of the Young Leaders Executive Committee and Past Chair of Professional Development. "Giving back to the community has always been a high priority for me and my family," he says. "The power and strength of our community lies with the support that individuals give to a common cause. We liken philanthropy to paying back a community that has given us so much opportunity."
